JUNE NEWSLETTER

Hello and welcome to the June newsletter!

This is our monthly newsletter that gives you some news and updates about what is going on with DistanceLearningCentre.com, our staff and our students.

Congratulations Moderating Students!

We want to give a huge congratulations to all our students who have met the June moderation deadline! We hope you all have the grades you need to go onto your desired course.

You may have seen our completed students celebrating their successes on our Facebook Group and talking about their experiences.

We hope this has helped motivated you in the leadup to your moderation moderation- and we hope it will be your story we are celebrating next!

What if I missed Moderation?

Sometimes plans don't always go as they should and some of our learners may have missed moderation. Although you may feel disappointed, all is not lost. There are a few options that you can explore, especially if you have had university offers.

- You could contact the university and ask them if they would accept a letter of recommended results. These would be unmoderated but some universities may accept this. You could then finish the diploma over summer. Remember to ask them what date they would need the letter for.

- You could ask the university if they would defer your place until next year or the next intake.
- If those options are not available, you can always apply to university for a start next year. You can apply through UCAS with us again. Contact your tutor when you are ready to start your application.

The best advice is to keep going with your course. Talk to your tutor about using your ILP effectively to plan your time moving forward. And remember...you have got this far already, success is just around the corner.

Your questions answered

This month's question is:

Why do we need to set deadlines for assessments?

Our answer:

It is a QAA regulation that all assessments have a deadline, and also that if deadlines are not met (without an agreed extension) that the grade recommended for the assessment is capped at a pass. This shows that students who have achieved higher grades on their diploma have submitted all their work on time (as well as demonstrating deeper understanding).

Working to deadlines is a key skill for university and doing this on your diploma helps you to develop this skill. If you do need more time to complete an assessment, you should ask your tutor for an extension before the deadline passes.

Finished your course? Leave us a Review!

We need your reviews! A large number of our learners choose us because of our positive reviews, so why not give us a review to help others choose the right course for them!

Your reviews and feedback also help us continuously improve our student experience, and provide the best service we can.

At various points during your studies you will be sent an invite to review us on Trustpilot, we would appreciate it if you could take a few minutes to complete a review when you are invited.

You can also give us a review or send us some feedback in a variety of other ways:

- Reviews on our [Facebook Page](#).
- Give our page a like and share.
- Testimonial for our [Hall of Fame](#).

You can also email Studentservices@distancelearningcentre.com with any issues you have had (or are having), who will be happy to help resolve these.
